

第10回 ディスカッション・カフェ

In Between Consumption and Disposal

What is Discussion Café?

In July 2013, TMDU and Waseda University signed an agreement with the primary goal of cooperating to cultivate future global leaders. This will be the tenth gathering of "Discussion Café" under this cooperation. DCafé provides a rich environment for discussion in English of current controversial topics with students from various backgrounds. This is a fantastic opportunity to network with students in various fields of study from Japan and other countries and practice expressing your opinions in English!

Discussion Topic

Today, we live a pleasant life with many convenient products available to us. However, at the same time, a large number of unsold goods are thrown away every day, creating a worldwide problem that cannot be overlooked.

Japan cannot ignore this problem, either. "MOTTAINAI" is a Japanese phrase that has been used by environmentalists around the world to encourage everyone to Reduce, Reuse, Recycle and Repair. In spite of this, the level of national garbage in Japan is higher than in other countries. At the 2015 United Nations Summit, finding a solution to the garbage problem was set as 1 of 17 Sustainable Development Goals, or SDGs. With the whole world tackling the garbage problem, what can we do to help?

【対象】 Eligibility

本学学生 : TMDU Students

・ 学科・専攻・学年を問わず、どなたでも参加いただけます : All schools/faculties, majors/grades
・ 大学院生・留学生の方も大歓迎です :

Graduate & International Students are welcome.
