第13回 ディスカッション・カフェ

Let's talk about SNS!

What is Discussion Café?

In July 2013, TMDU and Waseda University signed an agreement with the primary goal of cooperating to cultivate future global leaders. This will be the 13th gathering of "Discussion Café" under this cooperation.

DCafé provides a rich environment for discussion in English of current controversial topics with students from various backgrounds. This is a fantastic opportunity to network with students in various fields of study from Japan and other countries and practice expressing your opinions in English!

Discussion Topic

SNS is increasingly influential in our daily life. Cute pictures of dogs on Instagram in the morning, fierce discussions about baseball on Twitter in the afternoon and searching for lost friends on Facebook in the evening: these have become familiar activities.

On the one hand, modern social networks may stimulate creativity, improve social relationships, drive the economy with a trillion-dollar industry and provide people with the broader chance to express themselves.

On the other hand, concerns about smartphone addiction, causing loss of interest in the real world, and helping the spread of fake news and loss of individual privacy along with other social problems are also crucial to bear in mind.

Discussion Café is the place where students express their opinions freely and exchange their insights with each other, so the question is quite simple: What do you think?
