

Tokyo Medical and Dental University Special Lecture Commemorating the Master of Public Health in Global Health Course Opening

〈Title〉

“NCDs and Global Health in the Era of Big Data”

Lecturer

Dr. Gauden Galea

Director, Noncommunicable Diseases and
Promoting Health through the Life-Course,
WHO Regional office for Europe

Biography

Dr. Gauden Galea is a public health physician who has worked for WHO since 1998. He has held posts as regional adviser on noncommunicable diseases in the Western Pacific Region, and as coordinator of health promotion in WHO headquarters. Dr. Galea has been Director of the Division of Noncommunicable Diseases and Health Promotion at WHO/Europe since January 2011. He has a special interest in health promotion, in the social determinants of noncommunicable diseases, and in the links between these diseases and the development agenda.
