Obstetrician sub-specialised in fetal medicine, Director of NPO for Family and Baby Wellness

17:30-18:30, Thursday, February 28, 2019

@ G-Lab, M&D Tower 8F South

For the eighth FYRM session of the academic year 2018, we will host Dr. Nobuhiko Hayashi, an Obstetrician with a sub-specialty in fetal medicine. After he graduated from the University of Tokyo (Biophysics and Biochemistry) in 2007, Dr. Hayashi graduated from Chiba University School of Medicine in 2011. During his OB/GY residency training program, Dr. Hayashi realized that there are not enough support systems for the diagnosis of fetal diseases. As a result, he established the NPO for Family and Baby Wellness and underwent a training program at The Fetal Medicine Foundation in the UK from 2015 to 2018. Dr. Hayashi's primary interest is in advancing maternal-fetal medicine without undermining human dignity. He also serves as a member of JMA-JDN, and as an advisor for Ninshin-SOS.
